## Speedlight Mastery

by Damien Lovegrove

This full HD feature length video will give you the power to create stunning portraits using Speedlights.

Available on Blu-Ray or DVD.

RRP £85 **Show offer £75**

Blu-Ray price shown above. DVD (PAL) version available at just £73

### Features:

- 150 minute feature length production
- Comprehensive coverage of Nikon and Canon flash systems
- Shot in full HD on Canon 5Dmk2 cameras
- Edited in real time to show each set up from the start to the finish
- Includes guidance on composition, posing and picture design
- Full of advice, handy tips, and technical information
- Well structured menus allow you to dip in and out at will

Speedlights are extremely versatile small light sources bristling with technology. The good news is that they are simple to use with the right know how. In this video production, Damien unleashes your potential to control the light around you, and shares with you the techniques that he uses to create striking portraits lit with Speedlights on location.

### Who is Speedlight Mastery for?

This video is for any photographer who uses or wants to use Speedlights on location. It doesn't matter if you have just one flash because several of the set ups show how to use a single Speedlight creatively to take striking portraits on location. When you are ready to move on to more complicated set ups Damien shows how to break down the rig and lighting design into easy chunks. Damien shows exactly how he designs a picture from scratch deciding upon background, lens choice,

shooting position, and framing before he goes on to set up the Speedlights. Once the lighting is rigged he brings in his model and shows how he evolves the shoot, working with his model to get the look he wants.

This production is jam packed with tips, ideas and solutions to problems you've yet to encounter. It's a video designed to inspire and stimulate the creativity within you. Damien delivers the constant stream of valuable information in a logical and fluid way. If you want to light portraits on location like a top pro then this video is for you.

Speedlight Mastery (Blu-Ray)  
Normal price ..... £85  
Show offer ..... **£75**

Speedlight Mastery (DVD PAL)

## Weddings DVDs

Over a year of planning, preparation, filming and editing have resulted in a pair of definitive guides to professional wedding photography. Damien & Julie Lovegrove combine two of the most powerful ways you can learn about wedding photography.

### The Big Day - The Lovegrove Way 2-disc DVD

This two DVD boxed set is aimed at beginner and intermediate level wedding photographers who are looking to implement some of the many strategies employed by one of the most successful pairings in the wedding industry today. The discs are also aimed at potential wedding photographers looking to shortcut the experience loop. Once you've seen the DVDs a few times you will have a clear overview of the pace and rhythm of the shooting process. You will also be able to pick up on the interplay and rapport needed to create a wonderful customer experience and pictures with soul.

### Lighting Winter Weddings DVD

This valuable disc is aimed at beginner and intermediate level wedding photographers who are looking to

learn systems and techniques that will allow them to ensure that each photograph they take at a wedding has a consistent quality. If you ever panic or get apprehensive on the morning of a wedding when you throw open the curtains and see that it's gloomy, wet or windy, then this DVD is for you.

Normal price ..... £150  
Show offer ..... **£120**

**Bob said:** Wow - what a superb DVD, the content, production and quality of the 'Big Day' are superb. Lovegrove not only leads the pack but is way out in front of any other wedding photography trainers. This DVD is light years ahead of other wedding DVDs - trust me I have a shelf full.

## Lighting DVDs

Each of our original lighting DVDs contain over 70 minutes of professional, friendly, engaging, educational and inspirational information.

### Using Natural Light on Location DVD

- Every picture captioned with its exposure detail
- Bonus material includes the full post production journey through Adobe Lightroom and Adobe Photoshop of 5 of the key photographs in this set.
- Damien generously shares every bit of knowledge needed to create stunning pictures by natural light, inside and out, in both sunny and overcast conditions.

**Jamie said:** These DVDs are a truly valuable source of knowledge. They really excite my passion.

**Andy said:** I treated myself to your lighting DVD's at Christmas and have not stopped watching them since they arrived. So much information, enthusiasm and amazing imagery, totally inspiring

### Using Flash on Location DVD

- Over 45 minutes of professional, friendly, engaging, educational and inspirational information.
- Every picture captioned with its exposure details.
- Over 35 minutes of special features material including the full post production journey through Adobe Lightroom and Adobe Photoshop.

**Glyn said:** The DVDs are absolutely amazing. What wonderful pieces of work you have put together. They are truly fantastic, covering far more than I imagined; it's almost as if when watching them you're giving a personal 1-1.

**The LoveCube™**

**Light up your studio in style using the LoveCube™**  
 Transform your studio, home, office or location shoots with this must-have item. A stunning, modern, minimalist design that's fun, funky and functional.

Light your cube using a simple bulb (included) or a Speedlight. You could also use coloured gels around your flash for impressive lighting effects. The LoveCube™ is made from a tough, durable, translucent polypropylene that's both strong and lightweight. It's rugged construction makes it ideal for a model to sit or lean on, inside or out.

The LoveCube™ makes an excellent illuminated side table when not in use. Even the world famous Ice Hotel have these in their bar. How cool is that.

**Specifications:**

Dimensions: H45cm (17.5") x W45cm (17.5") x D45cm (17.5")

Colour: White

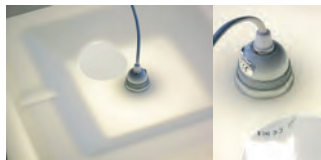

Other: Comes complete with a 20watt energy-saving bulb, inline switch and pre-fitted with a 13amp plug  
 Certified: The LoveCube™ is a certified electrical product.

**What's in the box**

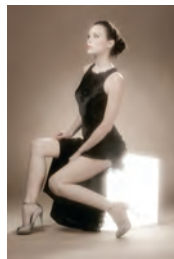

- 1x translucent hollow polypropylene cube with a removable ES light fitting with an inline switch and a fitted 13amp plug. Alongside the removable light fitting is a 90mm access hole big enough to insert a Speedlight fitted with a Sto-Fen type diffuser.

- 1x 20watt Energy-saving lightbulb

The LoveCube™ ..... **£149.00**

The LoveCube™ & the Lovegrove Gel Collection plus 4 Croc Clips ..... **£194.00**

**The LoveCube™ Competition**

As a LoveCube™ owner you will be able to enter our photographic competition. Think outside the box and show us your best creative pictures using the LoveCube™. The entries will be judged by Damien Lovegrove and the best will be showcased and credited on our online 'Hall of Fame' gallery :) The winning image of 2010 will receive an amazing prize.

To enter simply email us a jpeg file (600 pixels along it's longest side) to: [lovecube@lovegroveconsulting.com](mailto:lovecube@lovegroveconsulting.com)

**Colour Gels ~ The Lovegrove Studio Collection**

**Bring your studio pictures to life with the Lovegrove studio collection**

Here at the Lovegrove studio, Damien Lovegrove and his team have put together a collection of gels from literally hundreds of candidates. Each one has been chosen because of the mood or character it evokes in a digital image. The way a gel photographs is often very different to it's visual appearance. All the assessing was done using digital files straight from camera. The gels were photographed illuminating a grey background whilst a model posed in the foreground to give

a true skin tone reference. The gels were simply clipped to a flash head with a 60 degree reflector and the power of the flash head was adjusted to reveal a range of luminance values with each colour. "I'm amazed at just how much control there is with each gel" says Damien. "With the background light switched off the background was completely black and with the light on half power without a gel it was pure white. This gave me full control of the light density and is key to being effective with gels".

With such vibrant colours to hand, it is vital to be in tune with subtle shade and hue changes. A small hue shift can have an enormous effect on the mood a picture evokes and putting together a great collection of gels has been like creating a paint collection for houses. It's easy to see colours that work when you are looking at real photographs rather than gel swatches.

The Lovegrove team has done the hard work so you can enjoy creating beautifully lit masterpieces to transform your clients homes.

**The Studio Collection contains:**  
 38 sheets of gel 12" x 12" (30cm x 30cm) in size. These comprise of 22 vibrant hues and 16 pastel shades.

Lovegrove Gel Collection  
 Our price ..... **£49.50**

Also available: Sets of 8 croc clips to keep your gels in place.

8 Croc Clips ... **£6.00**

Lovegrove Gel Collection & 8 Croc Clips  
 Our price..... **£55.00**

**The Lovegrove Flash Bracket**

Take control of your flash and mount it on a stand in any orientation with this nifty custom bracket by the team at Lovegrove Consulting.

Over 6 months of rigorous testing by Damien Lovegrove has resulted in a combination of components making up the Lovegrove flash bracket. The result is a light, strong, robust bracket with full flexibility that will last for years.

The Lovegrove Flash Bracket  
 Price ..... **£56**  
 2x flash brackets ..... **£105**

**Over 400 of these brackets have been sold already and the feedback from users is fantastic.**

**Iona said:** Great bit of kit, teamed up with my SC-29 and I was away! Great design. Would recommend anyone needing something similar to this, to buy the Lovegrove model and not even bother looking at anything else!

**Ewan said:** By far the best option available for portable flash users as many other solutions either do not fit properly or position the flash gun off centre to an umbrella causing an uneven spread, they are definitely worth the extra cost over rival solutions and are very rugged for daily use. If like me, you own Nikon SB900s, the Lovegrove bracket is probably your ONLY choice as many other options do not fit due to the flashgun's slightly thicker hot shoe design.

**Vanhille said:** Easy, nice and so useful, what more do you need?

**Michael said:** Great product and saved me a lot of time looking to build the same thing.

**Nick said:** I have a pair of these and they live on my light stands are offer so much flexibility that wherever I need the flash pointing it goes! The only time one comes off the light stand is if I need the stand for my second Broncolor head. I would be lost without them now!!!

**The Complete Guide to Professional Wedding Photography Book by Damien Lovegrove**

**Why do some wedding photographers succeed, when many others fail?**

Why do some prosper, while others struggle to make a profit? Or how some can retire young, while others can never afford to stop? In this book, Damien Lovegrove shares with you the secrets of fusing art with commerce and gives you the vital tools needed for great achievement.

This stunning guide by two exceptional wedding photographers at the top of their game is packed with over four hundred pictures all with their own tales to inspire and inform. It provides

a simple yet profoundly powerful recipe for success, both for photographers just starting out and seasoned wedding pros alike.

**Discover how to master every aspect of photographing a wedding**

- Develop your style, and learn new shooting techniques
- Understand how to read and use light quickly and effectively
- Get to grips with selling, marketing, post production and product design
- Improve your customer experience and increase your product value
- Manage your time and become a more effective photographer
- Learn financial mastery, fast track your career and unleash your potential

The Complete Guide to Professional Wedding Photography Book ..... **£1795**

**Steve said:** An absolute must for all wedding photographers who aspire to be great ones!

**Leo said:** The best guide - and I've read many - to wedding photography. Great advice and great images and from the word go Damien spells it out to you - you have to "see the light". Highly recommended.

TriGrip 48" Sunfire/Silver	
Our price .....	<b>£73.50</b>

#### Lighting Stands

Incredible value budget stands that will easily take a speedlight on a Lovegrove flash bracket at its full height of over 3 metres.

- 4 sections / wide-based
- Aluminium construction
- Fully extends to over 3 metres.
- Metal collars & air-cushioned legs (Heavy-duty stand only)

Lightweight stand	
85 - 312cm	
Our price .....	<b>£33.75</b>

Heavy duty stand	
104 - 352cm	
Our price .....	<b>£44</b>

#### Softboxes

How many times have you been on location wishing you had a truly portable softbox?

Until now, softboxes have generally been seen as a studio item either because they are too bulky to carry or take too long to assemble. With Lastolite

Ezyboxes, a unique speeding adapter attaches in less than ten seconds with no screws, rods or fasteners. Ezybox really is 'up in a flash'!

- Colour balanced
- Operates as a Coldshoe
- Ideal for location use
- Folds up just like a Lastolite reflector
- Can be up and working in minutes
- Very low light loss, only half a stop

**Drobo - The Automated Data Storage Robot**

Drobo is a simple to use storage device with built-in intelligent software that will automatically protect your data from hard disk failures.

Drobo utilizes the revolutionary BeyondRAID storage technology that protects data against a hard disk crash, yet is simple enough for anyone to use. As long as you have more than a single disk in Drobo, all data on Drobo is safe no matter which hard disk fails. There's no need to worry about anything else.

- Four or five bay capacity options
- Takes standard 3.5" SATA I or SATA II hard disk drives
- No carriers required
- Mix and match disk capacities, brands and speeds
- No drivers or software required
- Super-fast data transfer speeds
- Plug-in and use straight out of the box

**Drobo 4-bay**  
 Our price ..... **£299.99**  
**Drobo S 5-bay**  
 Our price ..... **£569.95**

**Pro SV Camera Rotator Kit** from Custom Brackets as used by Damien Lovegrove

Custom Brackets are the only wear-compensating camera brackets on the market today, made to the highest standards in precision engineering. They are the culmination of 2 years of design, development and prototyping, all backed up by 20 years of experience in photography and manufacturing. Patented in 1999, the rotation feature is the first of its kind which allows the camera to rotate from horizontal to vertical.

The Digital PRO-SV is a studio, nature, and landscape photographer's dream come true. Smooth rotation along with a maintenance-free setup makes this bracket a must-have for every camera and outdoor tripod.

- Roller bearings allow for easy rotation from horizontal to vertical
- Black anodized aluminium construction for strength and light weight
- Maintenance-free; no lubrication needed
- Kit contents include a Pro SV bracket, a reversible camera plate and a quick release plate.

**Digital Pro SV Camera Rotator Kit**  
 Our price ..... **£171.50**

Prices include VAT unless otherwise stated.

## Workshops & Seminars

### Speedlight Mastery Workshop

A flash-lit portraits training day with Damien Lovegrove for Canon or Nikon users.

**Location:** Bristol Waterfront  
**Price:** £350 (£411.25 incl. VAT)  
**No. of delegates:** 4 (max.)  
**Location:** Manchester  
**Price:** £350 (£411.25 incl. 17.5% VAT)  
**No. of delegates:** 5 (max.)

**Available dates in Bristol:**  
 Monday 15th March 2010 (Nikon)  
 Wednesday 31st March 2010 (Canon)  
 Thursday 8th April 2010 (Canon)  
 Wednesday 5th May 2010 (Nikon)  
**Available dates in Manchester:**  
 Wednesday 21st April 2010 (Canon)  
 Thursday 22nd April 2010 (Nikon)

#### New workshop; new opportunities.

Our Urban Portraits workshops have run their course over the past 4 years and now that radio TTL technology

has arrived it's time to move on. The opportunities this new technology affords us is immense. Using three Speedlights to create dramatic and beautiful portraits is now easy. Knowing that they will all be triggered correctly gives us a new degree of freedom. New locations, new opportunities and a new shooting method will ensure we are all able to stay ahead of the competition.

**Clive said:** Wonderful day, great people and learnt loads. Damien really does see the light. A tremendous experience.

**Chris said:** If you are serious about fashion photography this day is for you. Damien burns for what he does, there's a BUZZ about him and after being with him for 5 mins you're hooked too, Great! 100% SPOT ON.

### Studio Lighting Workshop

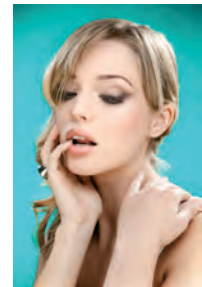

**Location:** The Lovegrove Studio  
**Price:** £350 (£411.25 incl. VAT)  
**No. of delegates:** 3 (max.)  
**Available dates:** Tuesday 27th April

This workshop will empower you to be able to create portraits of all styles in a studio environment. Learn how to control contrast, how to separate the foreground and background lighting in a shot, and how to use reflectors in beauty photography. There is no substitute for a thorough understanding of light and its application when creating portraits in the studio, and this masterclass in lighting for portraits will demonstrate how studio space can be used to give you total control of your environment.

#### What you will have at the end of the day to take away:

1. You will be shooting portfolio images you can use right away, on your website, in brochures or on your studio walls.
2. You will have a new repertoire of lighting styles and images you can shoot in your own studio spaces. This will give

you the edge over your competition and you will feel a renewed excitement for studio shooting.

**Special 2-day event.** Studio Lighting plus a Marko's Editing Masterclass. Save £125 off the normal price.

**Location:** The Lovegrove Studio  
**Price:** £500 (£587.50 incl. VAT)  
**No. of delegates:** 3 (max.)  
**Available dates:** Thursday 6th - Friday 7th May 2010

**Carole said:** It was a brilliant day that has totally changed the way I will shoot in my studio. I loved it from beginning to end and have some great 'wow' shots.

**Douglas said:** The images are fantastic, learned loads and really enjoyed it. Still can't get over what you can do with a single light!

### Cherish the Dress™ Fashion Shoot

with Damien Lovegrove & Chris Hanley

**Location:** Maunsel House, North Petherton, Somerset  
**Price:** £370 (£434.75 incl. VAT)  
**No. of delegates:** 10 (max.)  
**Available dates:** Tuesday 22nd June 2010 (see our Special 2-day workshop offer online)

An exclusive fashion shoot workshop in the amazing Maunsel House in Somerset. 10 photographers, 3 professional models, 2 amazing tutors and access to all areas of the house.

Our Cherish the dress™ workshop is a wedding fashion shoot designed to make the dress the star, not the victim. A shoot of beauty and elegance, wonderful light and compositional heaven. Once you have spent a day learning about light and creating your portfolio, you will be empowered to embark upon this growing genre of

**Pete said:** A remarkable day!!! That was the best course I have been on to date. Learned loads, you've both taken my photography, confidence and expectations to a whole new level.

social photography.

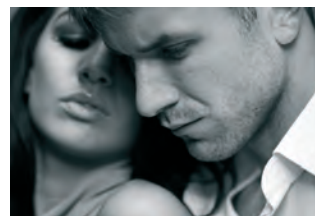

"Don't just survive in 2010. Thrive!" Let us show you how to put the wow factor back in your images. The first of these workshops sold out in just 5 hours. Now back by popular demand, this new date is certain to sell out fast - book your place now so not to be disappointed :)

#### What will you learn?

1. Posing ideas and easy-to-use repeatable systems to make your clients go wild with excitement when they see their pictures.
2. You will receive hands-on instruction about finding and controlling ambient light, plus mixing ambient light with off camera TTL flash.
3. You will learn how to interact with a couple and generate a creative flow. You will be taught how to 'see' pictures where you may think none exist. This event is a down to earth creative session on fashion photography that will push you beyond your usual photographic comfort zone.

### Passion on the Streets of Amsterdam

**Location:** Amsterdam  
**Price:** £350  
**No. of delegates:** 6 (max.)  
**Available dates:** Thursday 13th May 2010 (Canon users) & Saturday 15th May 2010 (Nikon users)

This workshop will be different from our Speedlight Mastery workshops because rather than photographing a pretty model in a urban environment, you're going to be photographing the relationship between two people. The photographs will convey emotions - love, passion, fun and excitement. You will use light and colour masterfully, to concentrate on design, body shapes, textures and tones and then trigger emotions and capture them. A sense of timing will be part of the workshop.

"Delegates will see the way I create pictures from scratch, they'll see me think, they will see me construct each picture in a mechanical way using light, shade and flash." - *Damien Lovegrove*

**What will you learn?**  
 Delegates will have the opportunity

to see Damien create a moment and capture it. They will learn how to find gorgeous light in places where previously they thought none existed. They will learn how to pose a couple in many different ways and learn how to stimulate fun and laughter. Delegates will shoot everything Damien shoots and they will have the opportunity to direct. They'll take away memories, portfolio images, knowledge and experience.

**Joseph said:** (about Passion on the Streets of Siena, Italy) To whomever wished to be there but wasn't I can say that it was a unique experience which went well beyond the exceptional photography: The atmosphere, the wine, the picture opportunities, the sun and the location, made this a MUST. It is definitely something you should jump in, if it ever happens again in the future.

**Derek said:** I think you know by now how I feel about your shots and your workshops. Forget X Factor how about WOW factor.

## Workshops & Seminars

### Shooting Weddings Workshop

Renowned wedding photography training course with Damien & Julie Lovegrove.

**Location:** Stonehouse Court Hotel, Gloucestershire

**Price:** £370 (£434.75 incl. VAT)

**No. of delegates:** 8 (2 groups of 4)

**Available dates:** Wednesday 9th June & Thursday 10th June 2010

#### Special Offer

Book a Shooting Weddings Workshop and you are eligible to get £50 off the price of a Friday Wedding Post-Production Day (1:4) or a Business of Weddings Seminar (8th June 2010). Visit our website for all the details.

Liberate your creativity, soak up the enthusiasm, drive and passion that Damien & Julie will share at these unique events. On this workshop event run by Damien and Julie, the group of 8 delegates will be split and independently taught for some parts of the day. Each

group will swap so that both groups cover all the content. This has worked very well in the past and the workshop can be equally beneficial to those photographers working as a couple and those working on their own.

#### What will you learn?

Learn how to plan and shoot a wedding, including the preparations at the start of the day, to getting to grips with flash when it's darker. Learn the tips and tricks of making wonderful pictures at every stage of a wedding. You will learn new technical shooting skills and you will receive hands-on instruction about finding and controlling ambient light, plus mixing ambient light with off camera TTL flash.

You will also learn how to interact with a wedding couple and generate a creative flow allowing you to 'see' pictures where you may think none exist.

**Lloyd said:** A fantastic day, great location and learnt a lot. You won't be disappointed. The techniques showed are simple, easy to remember and very effective.

**Jennie said:** Just a quick message to say how fantastic this wedding workshop was, I really loved it and have learnt so much from spending the day with you and Julie... you're both very inspirational!

### Picture Selection & Show Album Design Workshop

Julie Lovegrove reveals the secrets of choosing the right pictures and Marko Nurminen will guide you through designing your own professional show album to wow your clients.

**Location:** The Lovegrove Studio

**Price:** £510 (£599.25 incl. VAT)

**No. of delegates:** Dedicated full day workshop for 1 person or studio.

#### Who will benefit?

- Photographers just starting out who need to produce show albums to enable them to make bookings
- Established Photographers who wish to raise their prices and need to raise the quality of their albums in order to do so.
- Photographers who waste far too much time editing images, only to have their clients cut them out at the viewing.
- Photographers who would like their photography critiqued with suggestions for improvements.

#### Less is more...

Julie will go through your very own images with you, and you will see which she would choose to show your clients, and which she would reject and for what reasons. Julie is very tough on herself and Damien when choosing their own images, so be prepared for some constructive criticism! She will then take you through the system we use to change the order, re-number, and backup the final selection.

#### Show album selection

Next, Julie will make a selection of your images that will make the best possible show album.

#### The art of good album design

The second half of this workshop will be dedicated to taking the selected images and learning how to create a beautiful and contemporary layout in an album that will stand the test of time. You will learn the guidelines that Marko always works within to ensure that your album has the added polish that will give you the edge over your competition.

#### What you will have to take away with you

A wealth of knowledge to make your life easier in the future, and a complete bespoke show album design.

### The Business of Weddings

Seminar with Damien Lovegrove

**Location:** The Lovegrove Studio

**Price:** £250 (£293.75 incl. VAT)

**No. of delegates:** 10 (Buy 2 places and get the second half price. Conditions apply)

**Available dates:** Friday 26th March 2010 & Tuesday 8th June 2010

A full, tips of the trade one-day seminar from Damien Lovegrove at the Lovegrove studio. Subjects covered include marketing, product, sales, finance, and customer care. A high value presentation packed with useful information from one of the top earning wedding photographers in the U.K.

#### What will you learn?

- Where & how to market your services.
- When to mention price.
- Building the brand.
- Image quality, presentation and personal approach.
- What triggers buying decisions and how to add value to your product.
- How to sell a wedding package
- Develop your style. Advice and ideas in free flow.
- Cash flow predictions & profit analysis.
- Insurance, goal setting and meeting your targets.

### Post Production Training

If your work includes digital editing and post production, or even if you are unsure when to stop editing, Marko's classes could be just what you have been looking for.

If you've tried every technique and yet still find your editing progressing slowly then Marko is on hand to help you achieve that balance of a great finish met with the utmost of ease. His ethos is that editing techniques should be quick, simple and still result in a gorgeous looking image.

#### Marko's - Get effective with Adobe Lightroom™

A foundation level post-production training day using Adobe Lightroom  
**Location:** Lovegrove Studio  
**Price:** £125 (£146.88 incl. VAT)  
**No. of delegates:** 4 (max.)  
**Available dates:** Friday 12th March

#### Marko's - Get effective with Adobe Photoshop™

A foundation level post-production training day using Adobe Photoshop  
**Location:** Lovegrove Studio  
**Price:** £125 (£146.88 incl. VAT)  
**No. of delegates:** 4 (max.)  
**Available dates:** Monday 29th March

### Marko's Masterclass

A 1 day mid-level digital post-production seminar using Adobe Lightroom and Photoshop.

**Location:** Lovegrove Studio

**Price:** 1-to-2 rate £300 (£352.50 incl. VAT), 1-to-4 rate £240 (£282 incl. VAT)

**No. of delegates:** 2 or 4 (max.)

**Available dates:** Wednesday 17th March (1-to-4) & Wednesday 31st March (1-to-2)

#### Friday Wedding Post-Production Specials (1-to-4)

£50 discount available if bought with a Shooting Weddings workshop.

**Location:** Lovegrove Studio

**Price:** £240 (£282 incl. VAT)

**No. of delegates:** 4 (max.)

**Available dates:** Friday 30th April & Friday 11th June 2010

#### Marko's Advanced

A 1 day intensive advanced digital post-production seminar using Adobe Lightroom and Photoshop.

**Location:** Lovegrove Studio

**Price:** £300 (£352.50 incl. VAT)

**No. of delegates:** 2 (max.)

**Available dates:** Monday 15th March 2010

**David said:** I had the pleasure of attending an Advanced course, WOW money well spent. You'll learn lots of time saving techniques, etc. My workflow is 100% improved. Forever in debt to you Marko.

### Camera Skills

A Masterclass by Damien Lovegrove.

**Location:** Matara Centre, Kingscote, Gloucestershire.

**Price:** £175 (£205.63 incl. VAT)

**Next available date:** Autumn 2010 (please enquire for more information)

On this full featured workshop Damien will impart his expert knowledge in an easy to understand and fun to learn way. During the day you will have a 2 hour photoshoot and you will be taking pictures alongside Damien. No prior knowledge is needed for this back to basics event, just a passion to learn.

### 1-to-1 Training Days

Both Damien and Marko are also available for bespoke 1-to-1 training days. There are business consultation days, practical shooting days with Damien or 1-to-1 tuition with Marko in Adobe Photoshop, Adobe Lightroom or Jorgensen Album Designer.

If you would like to book a 1-to-1 training day then please ask one of us or browse our website for more information.

## Bespoke Leather Portfolios

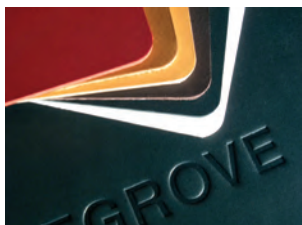

Make the best first impression you can with one of these stunning portfolios or 'wow' your clients with their own personalised album that can have images added with each subsequent shoot. We have now become an online supplier of the fine leather bound portfolios as used by Damien Lovegrove for the past five years. They are made from a single piece of sumptuous high quality leather and offer a new approach to photography presentation. "Everyone who has seen my portfolios are impressed by the simply beautiful presentation" says Damien. "It is really easy to chop and change the prints around and I constantly update the order and print selection in my portfolios". Each folio will take up to 40 sleeves (80 prints) in their normal guise. Folios with larger capacities are available upon request.

Normal turnaround is just 10 days from order to delivery. All portfolios are tailor made to order using the finest materials. You can choose from one of the standard sizes on our website or email us to get a quote on any other size of your choosing.

Once an order has been placed you will receive a courtesy call from our suppliers confirming your order.

Order a portfolio from us and you will also receive by email the exclusive 'Lovegrove Portfolio Actions Set' which will automatically prepare your images ready for printing. A perfect match for your portfolio.

### Embossing

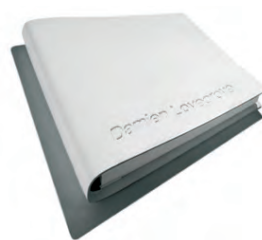

We strongly suggest you choose to have your name or logo embossed to add extra impact to your presentation. You can choose a timeless sans serif font or you can have a block made from your

Black

Brown

White

Camel

Whisky

Red

own logo.

### Inner Sleeves

The crystal clear sleeves are made from archival polyester with either black or white inserts. We prefer white for normal A4 or inkjet prints. Your prints simply slide into place.

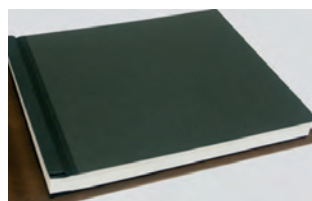

### With or without sleeves?

Your prints can go straight into the binder without sleeves. The images will need to be printed with an extra

1" margin on the left. This margin will disappear into the binder. You will need to use a standard hole punch which we can supply together with a scoring template and tool.

Please note: Sleeves are only designed to fit a Lovegrove Consulting supplied leather portfolio.

### Inner Covers

The inner covers are like an extra sleeve bound in on a cloth hinge.

If you choose this option you will get one on the back and one on the front. They are made from either black card or frosted clear plastic. These are a highly recommended option that will protect your first sleeve from unwanted scratches etc. For the frosted plastic

option please specify this when you receive your courtesy call from our supplier.

### Lovegrove Print Actions

With every portfolio order you will receive an exclusive Lovegrove Portfolio Action Set.

This set of Photoshop actions will size your prints first, add a white border and then places a blurred, feathered stroke around the image for a beautifully clean professional look.

The set of actions will prepare your images for printing with ProAm, Loxley or InkJet printing and has options for both landscape or portrait orientations. A perfect match for your portfolio.

## Portfolio prices (ex. VAT)

These are the standard sizes available. Custom sizes are available upon request.

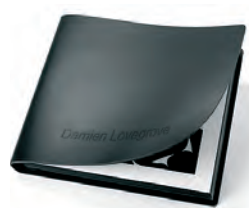

SIZE	PORTFOLIO*	SLEEVES (each)
10x8"	£88	£1
A4	£130	£1.60
